

Collected Reading & Viewing List

The title of this list is admittedly somewhat misleading. Besides being a list of books and stories I've read and movies I've watched in the past, it also lists audio media and video games. For full description of why I liked or did not like a certain item, see the listed issue of If - E - Zine™. Enjoy!

2 = This has some small redeeming value. It could be fun, has good Special FX, or something, but it had only the one redeeming quality. Everything else is BAD.
